

Computer Lab

“ Language: English | [Deutsche Version](#)

Location: Belvederer Allee 1a, room 002

Opening hours: Monday to Sunday, 24 hours a day, except on public holidays, with an activated THOSKA card via the Dean's Office.

Printing

The printer is available as a FollowMe printer with THOSKA authentication. Print your document using the printer `FollowMe_SW` for black-and-white printing or `FollowMe_CO` for colour printing. When you hold your THOSKA card against the printer, the document will be printed on that device. See the FollowMe printer operating instructions for details.

Use of the projector is restricted to authorised persons and requires password entry.

Usage Rules

Users of the computer lab are not permitted to:

- access websites that are unrelated to their studies

- modify or relocate furniture, cables, or hardware
- consume food or drinks in the lab
- put up notices, except after consultation with the person responsible for the lab

Users of the computer lab are required to:

- keep the lab entrance door closed at all times
- report defects or losses immediately
- take responsibility for backing up their personal data
- close all windows, switch off the lights, shut down all computers, and switch off the projector via the remote control if they are the last person to leave the lab

The lab is under video surveillance; recording takes place 24 h / 7 d.
